- 1.0 Attached for members' attention is a report which is due to be considered by the Principal Scrutiny Committee and Council Board on the 9th and 14th December respectively.
- 2.0 The report recommends that the Council should not pursue an option C scheme (as part of the £16m savings framework) to further reduce senior management posts at this point in time. It also requests that members consider developing an alternative opportunity to make efficiency savings by starting to explore, through a joint scoping study, the possibility of large scale collaboration with Anglesey Council.
- 3.0 The recommendations of the Council Board together with the observations of the Principal Scrutiny Committee will be reported to the full Council on the day.
