### **SUBJECT**

Item 5: COVID-19 : RECOVERY

---

### **DECISION**

Resolved to commission the Regeneration Programme Board and Supporting People Board to consider the following -

- the areas which should be given priority in terms of their importance to the people of Gwynedd in the areas for which each Board is responsible, giving appropriate regard to the direction of travel the Boards were considering before the emergency took hold;
- what actions need to be undertaken in those areas of activity in the short term and medium term and to report back to the Cabinet with recommendations,
- in accordance with the Council's Equality Plan, that we consider the needs of specific groups, e.g. people with disabilities, when making decisions in the recovery field.

Commissioning the Management Group to consider what corporate issues require consideration in the short and medium term as we move forwards to the “new normal”, and to report back to the Cabinet if a need for the decision arises, as relevant.

---

### **REASONS FOR THE DECISION**

It was noted that all of the departments' current efforts were directed towards responding to the Covid-19 crisis. Welsh Government is now looking to move on from reacting to opening some further activities. Rather than reacting to the situation, the Council needs to identify key steps required in the various fields and to be prepared to act on that.
