

COMMITTEE: **Pensions Committee**

DATE: **29 September 2017**

TITLE: **Markets in Financial Instruments Directive II (MiFID II)**

PURPOSE: **For the committee to elect for professional client status and approve application with all relevant institutions in order to ensure it can continue to implement an effective investment strategy.**

AUTHOR: **Dafydd L Edwards, Head of Finance**

1. INTRODUCTION

- 1.1** Under the current UK regime, local authorities are automatically categorised as 'per se professional' clients in respect of non-MiFID scope business and are categorised as 'per se professional' clients for MiFID scope business if they satisfy the MiFID Large Undertakings test. Local authorities that do not satisfy the Large Undertakings test may opt up to elective professional client status if they fulfil certain 'opt-up criteria'.
- 1.2** Following the introduction of the Markets in Financial Instrument Directive 2014/65 ("MiFID II") from 3 January 2018, firms will no longer be able to categorise a local public authority or a municipality that (in either case) does not manage public debt ("local authority") as a 'per se professional client' or elective eligible counterparty (ECP) for both MiFID and non-MiFID scope business. Instead, all local authorities must be classified as "retail clients" unless they are opted up by firms to an 'elective professional client' status.
- 1.3** Furthermore, the FCA has exercised its discretion to adopt gold-plated opt-up criteria for the purposes of the quantitative opt-up criteria, which local authority clients must satisfy in order for firms to reclassify them as an elective professional client.

2. Election for professional client status

- 2.1** MiFID II allows for retail clients which meet certain conditions to elect to be treated as professional clients (to 'opt up'). There are two tests which must be met by the client when being assessed by the financial institution: the quantitative and the qualitative test.
- 2.2** The Local Government Pension Scheme Advisory Board (SAB) and the Local Government Association (LGA) along with the Department of Communities and Local Government (DCLG) and the Investment Association (IA) have successfully lobbied the FCA to make the test better fitted to the unique situation of local authorities.

- 2.3** The new tests recognise the status of LGPS administering authorities as providing a ‘pass’ for the quantitative test while the qualitative test can now be performed on the authority as a collective rather than an individual. A summary of and extracts from the FCA policy statement which set out these new tests is attached as **APPENDIX 1**
- 2.4** The election to professional status must be completed with all financial institutions prior to the change of status on 3rd January 2018. Failure to do so by local authorities would result in the financial institution having to take ‘appropriate action’ which could include a termination of the relationship at a significant financial risk to the authority.
- 2.5** The SAB and the LGA have worked with industry representative bodies including the IA, the British Venture Capital Association (BVCA) and others to develop a standard opt-up process with letter and information templates. This process should enable a consistent approach to assessment and prevent authorities from having to submit a variety of information in different formats.
- 2.6** A flowchart of the process is attached as **APPENDIX 2** and the letter and information templates are attached as **APPENDICES 3 and 4**.
- 2.7** Applications can be made in respect of either all of the services offered by the institution (even if not already being accessed) or a particular service only. A local authority may wish to do the latter where the institution offers a wide range of complex instruments which the authority does not currently use and there is no intention to use the institution again once the current relationship has come to an end, for example, if the next procurement is achieved via the LGPS pool. It is recommended that officers determine the most appropriate basis of the application, either via full or single service.
- 2.8** Authorities are not required to renew elections on a regular basis but will be required to review the information provided in the opt-up process and notify all institutions of any changes in circumstances which could affect their status, for example, if the membership of the committee changed significantly resulting in a loss of experience, or if the relationship with the authority’s investment advisor was terminated.

3. WALES PENSION PARTNERSHIP INVESTMENT POOL

- 3.1** LGPS pools will be professional investors in their own right so will not need to opt up with the external institutions they use. Local authorities will however need to opt up with their LGPS pool in order to access the full range of services and sub-funds on offer.
- 3.2** In some circumstances, in particular where the pool only offers access to fund structures such as ACS, the pool could use ‘safe harbour’ provisions resulting from local authorities continuing to be named as professional investors in both the Financial Promotion Order (the “FPO”) or in the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order (the “PCISO”). These provisions would enable the

promotion and potential sale of units in fund structures to local authorities as retail investors. Elections to professional status will be needed for every financial institution that the authority uses outside of the pool, both existing and new, together with a continuing review of all elections. If all new purchases are made via fund structures within the pool then no new elections will be required, only an ongoing review of the elections made with the pool and any legacy external institutions, the number of which would reduce as assets are liquidated and cash transferred.

4. RECOMMENDATION

4.1 It is recommended that the Pensions Committee:

- i) Notes the potential impact on the investment strategy of becoming a retail client with effect from 3rd January 2018.**
- ii) Approves the immediate commencement of applications for elected professional client status with all relevant institutions in order to ensure it can continue to implement an effective investment strategy.**
- iii) In electing for professional client status, the committee acknowledges and approves to forgo the protections available to retail clients.**
- iv) Delegates the Section 151 Officer the appropriate approvals for the purposes of completing the applications and determining the appropriate basis of the application.**
