Submitted, for information, the minutes of the meetings of the Central Licensing Sub-committee that took place on 20.06.2018 and 17.07.18.

### **6. GAMBLING POLICY STATEMENT**

Submitted - the report of the Head of Environment Department, noting that the Gambling Policy Statement had already been approved, subject to conducting an Equality Impact Assessment. It was confirmed that an Equality Impact Assessment had now been completed, and it was reported that research on the impact of gambling on public health published in October 2017 had been considered as relevant evidence for the assessment.

During the ensuing discussion, the following main observations by members were noted:

- There were still concerns about the number of gambling advertisements appearing on television
- Access to gambling services was too easy

In response to a question regarding the impact of gambling on families and communities, it was emphasised that there was very little evidence available on the impact. It was reported that the Gambling Commission, along with the Health Council, intended to carry out research work on the impact on families and communities.

In response to a question regarding the consistency of information across the Councils in north Wales, it was noted that the Gambling Commission had drafted specific guidance for Licensing Authorities on the content of the policy. It was noted that the Gwynedd policy style had been adopted across north Wales as it was a clear and logical style.

**RESOLVED to accept the Gambling Policy Statement and the Equality Impact Assessment in accordance with the 2005 Gambling Act and approve it for adoption by the full Council.**

The meeting commenced at 10.00am and concluded at 10:15am.
