

North Wales Community Safety Partnership Priorities

- Raising confidence to report cases of Domestic Abuse and Sexual Crimes
- Raising awareness of sexual violence among young people

2. Reducing harm and the risk of harm

- Reducing substance misuse
- Reducing the use of drugs and alcohol
- Monitoring Community Tensions

3. Providing an Appropriate Response

- Reducing reoffending
- Understanding and addressing the impact of migration on the community safety agenda

Gwynedd and Anglesey Local Plan

Our local plan looks to implement the above subjects, and based on the importance of each one here in Gwynedd and Anglesey, some matters will receive more attention than others. Also, some work programmes happen regionally, and we may only identify this work in our local plan.

The aim of the follow-up plan for 2019/20 is to build on the extensive work that has occurred in recent years leading to a substantial reduction in Crime and Disorder in the counties of Gwynedd and Anglesey. We acknowledge that overall, crime has recently increased across the country. We also recognise that types of crimes that we have not dealt with previously are emerging, and there is a need to collaborate in different ways to tackle them.

The Plan will focus on areas of work that will be developed during 2019 and beyond. The Plan will be renewed annually. The Plan will also consider the strategic assessment, along with the guidance and priorities established by the Regional Board.

See below our main priorities, with a list of issues we will address during the year. The plan is live, and it may change during the period in response to changes and new challenges.

Actions for developing our structures in future

	<ul style="list-style-type: none"> All partners are committed to looking at rationalising our regional collaboration structures. The aim is to create structures that are more efficient for our multiagency work in future. Locally, we will participate in the process and respond locally to the changes. Welsh Government has established a specific project to look at improving the response of all relevant agencies to criminal justice matters. The local partnership will consider the work programme the Welsh Government has developed, and ensure commitment and response to the requirements. 	<p>The work will develop over this year, and will possibly continue in 2020. By taking advantage of that which is useful and valuable to us in the proposed programme, our ability to respond to offending will improve across the region.</p>

The Schoolbeat Scheme aims to teach these lessons in our schools, including development in this field, in addition to information about crimes involving knives, and child sexual exploitation. • It is acknowledged that acquisitive cyber crime is on the increase. The police are leading in the field of enforcement and a special unit is operational to deal with the matters. The partnership needs better understanding of the type and number of these crimes to identify possible opportunities to raise awareness or target early intervention. 	<p>Target Date</p> <p>The programme will be active throughout the year (Q4).</p> <p>End of year report, to identify trends that could lead to further action.</p>	<p>Responsibility</p> <p>Police/Education - https://www.schoolbeat.org/en/partners/county-lines/</p> <p>Partnership Analyst, and the members regarding further action.</p>	<p>Outputs and outcomes</p> <p>Information shared with children in our schools. 	<ul style="list-style-type: none"> We are aware that scamming crimes are increasing. The Police, and the Trading Standards services in both Counties wish to collaborate on an awareness raising project by implementing a 'train the trainer' scheme for the volunteer sector. This will enable people who work and who have contact with the public, to share information in terms of how to recognise scams, especially with people who are possibly more likely to be targeted, such as older people. In relation to the above matters, the Police and the Trading Standards services will also be using a Bus to raise awareness of cyber crimes across our communities (a bus that is available from the Welsh Government). This would enable us to reach more people with the important messages in terms of how to recognise scams and report them. After holding awareness raising sessions for the public on safety matters, Isle of Anglesey County Council has identified the need to ensure better access to information on scamming matters. 	<p>This work will be done during the first months of 2019, and a report on progress by (Q2).</p> <p>This work will be done during the first months of 2019, and a report on progress by (Q2).</p> <p>During quarter one, report on progress (Q1).</p>	<p>Police, Trading Standards services in both Counties</p> <p>Police, Trading Standards Services across both counties.</p> <p>Isle of Anglesey Adults Services</p>	<p>Information will be available in terms of how many people we have trained. Therefore, as a region, we will work with the Police to gather information across the sectors to understand and identify the extent of the problem. This will offer a foundation to go about identifying how to respond as partners in a more effective way. Knife crime is increasing across the country, and although the problem in this area is not on the same scale as seen in other areas, there is a need to respond to the risk. The Police and the Trading Standards services in Gwynedd are collaborating on a scheme to raise awareness in our relevant shops, in terms of selling knives to children and young people. Some shops will also be targeted for 'spot checks' to find any possible lawbreaking, in addition to raising awareness and sharing information packs in general. Isle of Anglesey County Council's Housing Service has identified an increase in the number of service users who state that they have mental health needs. Individuals will receive a more suitable response to their circumstances from front-line services.</p> <p>Using the Support and Accommodation Pathway for people with mental health needs, there will be less possibility that the individuals will be targeted by others who wish to take advantage of them and use them as a person, or their accommodation, to facilitate crimes e.g. to carry drugs.
