

VALUES AND BEHAVIOURS

- aligning our work with the National Evaluation, Improvement and Accountability framework and approaches adopted in the national pilot for SCC.
- ensuring synergy through co-owning problems, collaborating, co-constructing and thinking together.
- partners which are mutually accountable for all aspects of support and challenge.
- ensuring processes are solution focused and actions are evidence based.
- being honest, open, trusting and transparent.
- demonstrating positivity, humility, ingenuousness, sincerity and integrity.
- promoting learning of new approaches, strategies and techniques through being open minded and by looking outwards.
- ensuring clear lines of communication.
- being proactive, distilling what is of importance and be audit light.
- ensuring confidentiality, consistency and professionalism between all partners.
- being adaptable, purposeful and rigorous in approaches.
- celebrating achievement and acknowledging the success of individuals, teams and the organisation.
