## **3. Port Marine Safety Code.**

- 3.1.1 The Code represents good practice as recognised by a wide range of industry stakeholders and Gwynedd Council understands that a failure to adhere to good practice may be indicative of a harbour authority being in breach of certain legal duties. It is necessary for the Service to receive the comments and views of Consultative Committee Members on the suitability of the Port Marine Safety Code and to regularly receive observations on its contents, in order that it may be reviewed as relevant to the harbour activities, navigational aids, suitability of by-laws, safety matters and general day to day work at Abermaw Harbour.
- 3.1.2 The Service itself continually reviews the Port Marine Safety Code to ensure safety standards within the harbours of Gwynedd are maintained and an annual external audit of the code is also undertaken by the defined designated person who is independent of Cyngor Gwynedd.
