NARRATIVE REPORT

INTRODUCTION

The North Wales Economic Ambition Board's (NWEAB) Joint Committee was established on 1 February 2019 to develop a regional approach to economic growth and to address the challenges and barriers facing the North Wales economy. It covers the six local authority administrative areas of North Wales comprising the councils of Gwynedd, Anglesey, Conwy, Denbighshire, Wrexham and Flintshire. The Joint Committee also includes the University of Bangor, Glyndwr University, Coleg Cambria and Grŵp Llandrillo Menai. In December 2020, the Joint Committee agreed the North Wales Growth Deal with UK Government and Welsh Government securing an investment of £240million into the North Wales economy as part of the Deal. A Portfolio Management Office has been established to deliver the Growth Deal and the first project business case was approved in December 2021 and is now in delivery.

Cyngor Gwynedd has been appointed as host authority for the NWEAB.

For the first time in 2021/22, the NWEAB is deemed to be a larger joint committee, meaning a full annual Statement of Accounts rather than an annual return has been produced.

The NWEAB's accounts for the year 2021/22 are presented here on pages 7 to 33. The Statements of Accounts are prepared in accordance with CIPFA's *Code of Practice on Local Authority Accounting in the United Kingdom 2021/22*.

The Statement of Accounts consist of:

- **Expenditure and Funding Analysis** – Whilst this is not a statutory statement, it shows how annual expenditure is used and funded in accordance with generally accepted accounting practices.
- **Comprehensive Income and Expenditure Statement** - This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices.
- **Movement in Reserves Statement** – This statement shows the movement in year on the different reserves held by the Joint Committee, analysed into 'usable reserves' and 'unusable reserves'.
- **The Balance Sheet** - Sets out the financial position of the Joint Committee on 31 March 2022.
- **The Cash Flow Statement** - This statement summarises the flow of cash to and from the Joint Committee during 2021/22 for revenue and capital purposes.

These accounts have been prepared on a going concern basis and are supported by this Narrative Report, the Accounting Policies and various notes to the accounts.

NWEAB'S ambition

The NWEAB'S ambition is to build a more vibrant, sustainable and resilient economy for North Wales to:

- Focus on improving the region's economic, social and environmental well-being.
- See the region develop in a sustainable way, with opportunities for people to gain new skills for the future and develop rewarding careers, seeing businesses grow and communities prosper.
- Champion our language, culture and heritage, in line with the well-being goals for Wales.

North Wales Growth Deal

The Growth Deal aims to bring over £1 billion of investment to North Wales in order to generate over 4,000 new jobs and an increase in Gross Value Added (GVA) of £2.4 billion. The UK and Welsh governments have committed to jointly investing £240 million capital over a 15-year period, with the remainder leveraged from private and public sources. The desired outcomes of this investment are to be delivered through the delivery of a portfolio of five separate programmes which:

- build on our regional strengths in manufacturing and low carbon energy
- target digital innovation and infrastructure to better connect the region

- invest in key sites and premises for the developer market
- enable innovation to boost productivity
- support our key industries in tourism and agriculture to develop for the future

The five programmes are Low Carbon Energy, Agri-food and Tourism, Innovation in High-Value Manufacturing, Digital Connectivity, and Land and Property.

2021/22 Budget

The Joint Committee adopted its budget for 2021/22 at its meeting on 26 March 2021 and is available at: [Agenda for North Wales Economic Ambition Board on Friday, 26th March, 2021, 2.30 pm \(llyw.cymru\)](#)

The changes in response to the Covid-19 pandemic will also affect the medium term financial position of the Joint Committee. It has contributed to the slippage on some of the North Wales Growth Deal capital projects, and the Joint Committee like other councils in Wales has worked with Welsh Government to respond to the situation in the best way possible.

2021/22 Performance

The NWEAB reports quarterly on the progress against the North Wales Growth Deal, and the Annual Report is available at:

<https://democracy.gwynedd.llyw.cymru//ieListDocuments.aspx?CId=418&MId=4655&Ver=4>

2021/22 Financial Performance

- The Comprehensive Income and Expenditure Statement on page 8 shows that the Joint Committee's gross revenue expenditure on 'cost of services' level was £2,828k during 2021/22, with a net position of (£487k).
- The financial out-turn position for 2021/22 was reported to the Joint Committee at its meeting on 29 April 2022 and is available at: <https://democracy.gwynedd.llyw.cymru//ieListDocuments.aspx?CId=418&MId=4527&Ver=4>
- The Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement on pages 8 and 9 detail the analysis in movements for the year.

TABLE I - Budget and Actual Comparison Summary (Net)

Table I provides a budgetary performance comparison at a summary level, which is detailed further in Table 2.

	Budget	Actual	Variance
	£'000	£'000	£'000
Expenditure on Operations	2,976	3,304	328
Financed by-			
Partners' Contributions	(1,318)	(1,318)	0
Grants, contributions and other income	(1,243)	(1,889)	(646)
Contribution from the General Fund	(415)	(415)	0
Net (Underspend)/Overspend	0	(318)	(318)

TABLE 2 –Transposition movement between ‘Budget and Actual Comparison Summary (Net)’ (Table I) to the Income and Expenditure format

	Performance Report (Out-turn) £'000	Transposition Adjustment £'000	Net Position to be funded by / (transferred to) the General Fund £'000	Adjustments between Funding and Accounting Basis £'000	Income & Expenditure Statement £'000
Expenditure	3,304	(889)	2,415	413	2,828
Income	(3,622)	431	(3,191)	(124)	(3,315)
Net Cost of Services	(318)	(458)	(776)	289	(487)

Transposition Adjustment - Adjustments in the transposition column relate to the net contribution to and from reserves.

Material Items of Income and Expenditure

Related Items include :-

- £200k on pensions, being the annual remeasurement of the net defined benefit liabilities relating to pensions, in line with Gwynedd Pension Fund’s Actuary’s assessment (Note 14.2).
- £3,315k in grants and contributions and equivalent expenditure (Note 20).

Other Issues

- There are financial risks with the global economy and the Joint Committee has taken the circumstances into account in its financial plans, whilst maintaining a prudent level of reserves.
- Continued economic uncertainty following the termination of the UK’s membership of the European Union and this may effect some factors and financial decisions by the Joint Committee.
- The current Covid-19 crisis remains a financial challenge for the Joint Committee in the short and medium term.

Capital Expenditure in 2021/22

Capital expenditure for 2021/22 amounted to £124k. The following table gives an analysis of this expenditure and the way it was financed.

TABLE 3 - SUMMARY OF CAPITAL EXPENDITURE AND FINANCING

2020/21 £'000	2021/22 £'000
0 Projects	124
0	124
FINANCED BY -	
0 Grants and Contributions	124
0	124

The £124k in above table is Revenue Expenditure Funded from Capital under Statute and has been charged to the Income and Expenditure Statement in the year. It has been spent on the Digital Signal Processing (DSP) Centre project by Bangor University and funded by the Growth Deal Grant.

Reserves

The Joint Committee has usable reserve of £1,531k. These are detailed in the Balance Sheet, Movement in Reserves Statement and in Note 9.

Pension Fund

The Joint Committee has a net liability from its share of the assets and liabilities of the Gwynedd Pension Fund, which has been calculated in accordance with International Accounting Standard 19. The Balance Sheet contains an assessment by the Fund's Actuary, Hymans Robertson, of the Joint Committee's share of the Pension Fund liability. This net liability at 31 March 2022 was £942k. Refer to Note 24 for further information.

The net pension liability is a position at one point in time. Market prices can move substantially up or down in the short-term and it is therefore not possible to quantify the long-term effect such movements in market prices will have on the Pension Fund. The last valuation was at 31 March 2019, with the next based on 31 March 2022 for the 2022/23 accounts.

Governance

The NWEAB is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk. Further information is included within the Annual Governance Statement.

Accounting Policies

The accounting policies adopted on behalf of the Joint Committee comply with all relevant recommended accounting practices and are fully explained in the Accounting Policies set out in Note 1 of the Accounts commencing on page 12.

Changes in Accounting Policies and to the Accounts

The Joint Committee's existing accounting policies have been amended to reflect only the changes required in accordance with proper accounting practices, following adjustments for the 2021/22 financial year to the Code of Practice on Local Authority Accounting in the United Kingdom.

Further Information

The Statement of Accounts is available on Cyngor Gwynedd's website www.gwynedd.llyw.cymru.

Further information relating to the accounts is available from:

This is part of the Council's policy of providing full information relating to the Council and the Joint Committees' affairs. In addition, interested members of the public have a statutory right to inspect the accounts before the audit is completed. The availability of the accounts for inspection is advertised on the Council's website at the appropriate time.

NORTH WALES ECONOMIC AMBITION BOARD

STATEMENT OF ACCOUNTS

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

THE JOINT COMMITTEE'S RESPONSIBILITIES

Cyngor Gwynedd as host authority bears the responsibility for the arrangements and administration of the Joint Committee's financial affairs.

Cyngor Gwynedd is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In Cyngor Gwynedd, that "Section 151 Officer" is the Head of Finance. It is the Joint Committee's responsibility to manage its affairs to secure economic, efficient and effective use of its resources, to safeguard its assets, and to approve the Statement of Accounts.

Councillor Dyfrifg Siencyn
NWEAB Joint Committee Chairman

28 October 2022

THE HEAD OF FINANCE'S RESPONSIBILITIES

The Head of Finance is responsible for the preparation of the North Wales Economic Ambition Board's Joint Committee Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* ("the Code").

In preparing the statement of accounts, the Head of Finance has selected suitable accounting policies and then applied them consistently; has made judgements and estimates that were reasonable and prudent and complied with the Code.

The Head of Finance has also kept proper accounting records which were up to date, and has taken reasonable steps for the prevention and detection of fraud and other irregularities.

RESPONSIBLE FINANCIAL OFFICER'S CERTIFICATE

I certify that the Statement of Accounts has been prepared in accordance with the arrangements set out above, and presents a true and fair view of the financial position of the North Wales Economic Ambition Board's Joint Committee at 31 March 2022 and the Joint Committee's income and expenditure for the year then ended.

Dewi Aeron Morgan CPFA
Head of Finance, Cyngor Gwynedd

20 October 2022

EXPENDITURE AND FUNDING ANALYSIS

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources in accordance with generally accepted accounting practices. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

2020/21				2021/22

MOVEMENT IN RESERVES STATEMENT

The Movement in Reserves Statement shows the movement from the start of the year to the end on the different reserves held by the Joint Committee, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure) and other 'unusable reserves'. The Statement shows how the movements in year of the Joint Committee's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to council tax (via the Councils' contributions). The Net Increase/Decrease line shows the statutory General Fund Balance movements in the year following those adjustments.

		Movement in Reserves Statement		
	Note	Total Usable Reserves	Unusable Reserves	Total Joint Committee's Reserves

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Joint Committee. The net assets of the Joint Committee (assets less liabilities) are matched by the reserves held by the Joint Committee. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e. those reserves that the Joint Committee may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use. The second category of reserves is those that the Joint Committee is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

31 March 2021 £'000		Note	31 March 2022 £'000
509	Short-term Debtors	11	21,253
16,255	Cash and Cash Equivalents	12	16,768

(739)	Usable Reserves	9	(1,531)
0	Unusable Reserves	14	983
(739)	Total Reserves		(548)

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Joint Committee during the reporting period. The statement shows how the Joint Committee generates and uses cash and cash equivalents by classifying cash flows as operating and investing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Joint Committee are funded by way of grant income or from the recipients of services provided by the Joint Committee. Investing Activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Joint Committee's future service delivery.

2020/21		Note	2021/22

(16,255)	Cash and cash equivalents at the end of the reporting period	12	(16,768)

NOTES TO THE ACCOUNTS

NOTE I – ACCOUNTING POLICIES

I.1 General Principles

The Statement of Accounts summarises the Joint Committee's transactions for the 2021/22 financial year and its position at the year-end of 31 March 2022. The Joint Committee is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014 (as amended), in accordance with proper accounting practices. These practices primarily comprise the *Code of Practice on Local Authority Accounting in the United Kingdom 2021/22*, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The accounts have been prepared on a going concern basis.

The nature of the Joint Committee's transactions is limited and only the relevant policies can be seen below.

I.2 Accruals of Expenditure and Income

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received.

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

I.3 Cash and Cash Equivalents

The Joint Committee does not have its own bank account and cash is administered by Cyngor Gwynedd within its own accounts.

I.4 Employee Benefits

I.4.1 Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave for current employees and are recognised as an expense for services in the year in which the employee renders service to the Joint Committee. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end that employees can carry forward into the next financial year. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement to the accumulated absences account so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

I.4.2 Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Joint Committee to terminate an officer's employment before the normal retirement date or an officer's decision to accept redundancy voluntarily and are charged on an accruals basis to the service in the Comprehensive Income and Expenditure Statement at the earlier of when the Joint Committee can no longer withdraw the offer of those benefits or when the Joint Committee recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the Joint Committee fund balance to be charged with the amount payable by the Joint Committee to the Pension Fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits

NOTE I – ACCOUNTING POLICIES (continued)

for pension enhancement termination benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end.

1.4.3 Post-employment Benefits

Employees of the Joint Committee are members of one pension scheme:

- The Local Government Pensions Scheme, administered by the Gwynedd Pension Fund at Cyngor Gwynedd.

The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees when they worked for the Joint Committee and their previous employers.

1.4.4 The Local Government Pension Scheme

All other staff, subject to certain qualifying criteria, are entitled to become members of the Local Government Pension Scheme. The pension costs charged to the Joint Committee's accounts in respect of this group of employees is determined by the fund administrators and represent a fixed proportion of employees' contributions to this funded pension scheme.

The Local Government Scheme is accounted for as a defined benefit scheme.

The liabilities of the Gwynedd Pension Fund attributable to the Joint Committee are included in the Balance Sheet on an actuarial basis using the projected unit method - i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions such as mortality rates, employee turnover rates, etc., and projections of earnings for current employees.

Liabilities are discounted to their value at current prices, using a discount rate of 2.75% calculated as a weighted average of 'spot yields' on AA rated corporate bonds.

The assets of the Gwynedd Pension Fund attributable to the Joint Committee are included in the Balance Sheet at their fair value as determined by the Fund's Actuary.

The change in the net pensions liability is analysed into the following components:

Service cost comprising:

- Current service cost – the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the service for which the employees worked.
- Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non-distributed Costs.
- Net interest on the net defined benefit liability/(asset), i.e. the net interest expense for the Joint Committee – the change during the period in the net defined benefit liability/(asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability/(asset) at the beginning of the period – taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contributions and benefit payments.

Remeasurements comprising:

- The return on Plan assets – excluding amounts included in net interest on the net defined benefit liability/(asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.

NOTE I – ACCOUNTING POLICIES (continued)

- Contributions paid to the Gwynedd Pension Fund – cash paid as employer’s contributions to the Pension Fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Joint Committee to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the Joint Committee of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

International Accounting Standard (IAS) 19 governs how the long-term liabilities which exist in relation to pension costs should be reported. Local Councils (including Joint Committees) in Wales and England are required to produce their financial statements in accordance with IAS 19.

1.4.5 Discretionary Benefits

The Joint Committee also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

1.5 Events after the Reporting Period

Events after the balance sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

1.6 Prior Period Adjustments, Changes in Accounting Policies, Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Joint Committee’s financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

1.7 Government Grants and Other Contributions

Grants and contributions relating to capital and revenue expenditure are accounted for on an accruals basis, and recognised immediately in the relevant service line in the Comprehensive Income and Expenditure Statement as income, except to the extent that the grant or contribution has a condition that the Joint Committee has not satisfied.

NOTE I – ACCOUNTING POLICIES (continued)

Grants and contributions funding capital expenditure that have been credited to the Comprehensive Income and Expenditure Statement are not proper income charges due to the capital control regime requirements to finance capital expenditure as part of the Capital Financing Requirement. Therefore, the Joint Committee accounts for these amounts as follows:

- Where a capital grant or contribution has been received, and conditions remain outstanding at the Balance Sheet date, the grant is recognised as a Capital Grant Receipt in Advance on the Balance Sheet. Once the condition has been met, the grant or contribution is transferred to the Comprehensive Income and Expenditure Statement.
- Where a capital grant or contribution has been recognised as income in the Comprehensive Income and Expenditure Statement, and the expenditure to be financed from that grant or contribution has been incurred at the Balance Sheet date, the grant or contribution is transferred from the General Fund to the Capital Adjustment Account, reflecting the application of capital resources to finance expenditure. This transfer is reported in the Movement in Reserves Statement.

1.8 Overheads and Support Services

Charges for services provided by the Central Support Departments within Cyngor Gwynedd are derived from a combination of pre-determined fixed charges, actual recorded staff time, transaction logging and pre-determined formulae.

1.9 Reserves

Specific reserves are created to set aside amounts for future spending schemes. This is done through transfers out of the General Fund Balance in the Movement in Reserves Statement.

Certain reserves, namely “unusable reserves”, are kept for the technical purpose of managing the accounting processes for non-current assets and employee benefits. These do not represent the usable resources of the Joint Committee.

1.10 Revenue Expenditure Funded from Capital Under Statute

Legislation allows some expenditure to be classified as capital for funding purposes when it does not result in the expenditure being carried on the Balance Sheet as an asset. The purpose of this is to enable it to be funded from capital resources rather than be charged to the General Fund. This type of expenditure is valued at historical cost and written down over a year.

1.11 Value Added Tax

Only in a situation when VAT is irrecoverable will VAT be included or charged as ‘irrecoverable VAT’. Since the Joint Committee has not registered for VAT, the VAT is recovered through Cyngor Gwynedd’s VAT registration.

1.12 Debtors and Creditors

The Joint Committee's Accounts are maintained on an accruals basis in accordance with the Code of Accounting Practice. The accounts reflect actual expenditure and income relating to the year in question irrespective of whether the payments or receipts have actually been paid or received in the year.

1.13 Long-Term Contracts

Long-term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the consideration allocated to the performance obligations satisfied based on the goods or services transferred to the service recipient during the financial year.

1.14 Joint Operations

Joint operations are arrangements where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangements. The activities undertaken by the Joint Committee in conjunction with other joint operators involve the use of the assets and resources of those joint operators. In relation to its interest in a joint operation, the Joint Committee as a joint operator recognises its share of assets, liabilities, revenue and expenses.

The NWEAB Joint Committee has been categorised as a Joint Operation, making use of the assets and resources of the operators rather than the establishment of a separate entity.

NOTE 2- CHANGE IN ACCOUNTING POLICY

The Joint Committee's existing accounting policies are amended only insofar as to reflect the guidance in the 2021/22 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

NOTE 3- ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED

The CIPFA Code of Practice on Local Authority Accounting in the United Kingdom requires the expected impact of any accounting standards that have been issued but not yet adopted to be disclosed. This applies to the following new or amended standards within the 2022/23 Code:

Annual Improvements to IFRS 2018–2020. The annual IFRS improvement programme notes 4 changed standards:

- IFRS 1 (First-time adoption) – amendment relates to foreign operations of acquired subsidiaries transitioning to IFRS.
- IAS 37 (Onerous contracts) – clarifies the intention of the standard.
- IFRS 16 (Leases) – amendment removes a misleading example that is not referenced in the Code material.
- IAS 41 (Agriculture) – one of a small number of IFRSs that are only expected to apply to local authorities in limited circumstances.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16).

The Code requires implementation from 1 April 2022 and therefore there is no impact on the 2021/22 Statement of Accounts, and none of the new or amended standards within the 2022/23 Code are expected to have a material impact on the information provided in the financial statements.

NOTE 4 – CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Joint Committee has had to make judgements, estimates and assumptions relating to complex transactions, those involving uncertainty about future events and also the carrying amounts of assets and liabilities that are not readily apparent from other sources.

The judgements, estimates and associated assumptions applied are based on current proper practices, historical experience and other factors that include historical and current assumptions and projections, and actual future projections, professional assessment, current trends, and local factors that are considered to be relevant.

All available and related information is sourced and applied in assessing and determining the position, which is particularly critical when considering such matters as actuarial valuation of pension fund assets and liabilities, earmarked reserves, provisions and contingent liability. However, because these issues cannot be determined with certainty, actual results may subsequently differ from those estimates. The estimates and underlying assumptions are continually reviewed.

NOTE 5 – ASSUMPTIONS MADE ABOUT FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Joint Committee about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because certain balances cannot be determined with certainty, actual results could be different from the assumptions and estimates.

The following item in the Joint Committee’s Balance Sheet at 31 March 2022 may be considered to be a significant risk (in terms of certainty in estimation of value), with the possibility of material adjustment in the forthcoming financial year:

Item	Uncertainties	Effect if actual results differ from assumptions
Pensions liability	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Joint Committee with expert advice about the assumptions to be applied.</p> <p>Brexit and COVID-19 both initially had negative impacts on the UK economy and pension asset values, but the market appears to be recovering and stabilising. However, another serious outbreak of COVID-19 could have a detrimental impact on asset returns, as could an increase in interest rates to curb inflation increases as a result of the recovery.</p>	The effects on the net pension liability of changes in individual assumptions are set out in Note 24.

NOTE 6 – MATERIAL ITEMS OF INCOME AND EXPENSE

Related items include:-

- £200k on pensions, being the remeasurements of the net pension defined benefit liabilities relating to pensions, in line with Gwynedd Pension Fund’s Actuary’s assessment (Note 14.2).
- £3,315k in grants and contributions and equivalent expenditure (Note 20).

NOTE 7 – NOTE TO THE EXPENDITURE AND FUNDING ANALYSIS

2021/22	ADJUSTMENTS BETWEEN FUNDING AND ACCOUNTING BASIS			
	Adjustments for Capital Purposes (i) £'000	Net change for the Pensions Adjustments (ii) £'000	Other Differences (iii) £'000	Total Adjustments £'000
Adjustments from General Fund to arrive at the Comprehensive Income and Expenditure Statement amounts				
Programme Management Office	0	248	41	289
Accountable Body Support Services	0	0	0	0
Joint Committee	0	0	0	0
Projects	124	0	0	124
Grant Schemes	0	0	0	0
Income	(124)	0	0	(124)
Cost of Services	0	248	41	289
Financing and Investment Income and Expenditure	0	3	0	3
(Surplus) / Deficit on Provision of Services	0	251	41	292

There was no transactions in 2020/21.

(i) Adjustments for Capital Purposes

- For **services**, this column adds in depreciation, impairment and revaluation gains and losses.

(ii) Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* for pension-related expenditure and income:

- For **Services**, this represents the removal of the employer pension contributions made by the Joint Committee as allowed by statute and the replacement with current service costs and past service costs.
- For **Financing and investment income and expenditure**, the net interest on the defined benefit liability is charged to the Comprehensive Income and Expenditure Statement.

(iii) Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For **Services**, this represents an adjustment for accumulated absences earned but not taken during the year.
- For **Financing and investment income and expenditure**, the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.

NOTE 8 – ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Joint Committee in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Joint Committee to meet future expenditure.

2021/22	Usable Reserve General Fund Balance	Movement in Unusable Reserves
ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS	£'000	£'000
Adjustments involving the Capital Adjustment Account		
Capital grants and contributions applied	124	(124)
Revenue expenditure funded from capital under statute	(124)	124
Adjustments primarily involving the Pensions Reserve		
Reversal of items relating to retirement benefits debited/credited to the Comprehensive Income and Expenditure Statement (Note 24)	(413)	413
Employer's pensions contributions and direct payments to pensioners payable in the year	162	(162)
Adjustment primarily involving the Accumulated Absences Account		
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	(41)	41
Total Adjustments	(292)	292

There was no transactions in 2020/21.

NOTE 9 – TRANSFERS TO/FROM USABLE RESERVES

The note below sets out the amounts set aside from the General Fund in usable reserves to provide financing for future expenditure plans, with a net increase of £792k.

Usable Reserves

2021/22	Balance 31 March 2021	Transfers			Balance 31 March 2022
Note	£'000	between reserves	in	out	£'000
9.1 Earmarked Reserve	739	(5)	318	(415)	637
9.2 Projects Reserve	0	0	195	0	195
9.3 Interest Reserve	0	5	694	0	699
Total	739	0	1,207	(415)	1,531

9.1 Earmarked Reserve - to support future years' budgets and staffing structure.

9.2 Projects Reserve - to fund expenditure that supports the delivery of Regional Economic Framework priorities.

9.3 Interest Reserve - to fund the cost of borrowing in future years.

NOTE 10 – FINANCING AND INVESTMENT INCOME AND EXPENDITURE

2020/21	2021/22
£'000	£'000
0 Net interest on the net pension defined benefit liability/(asset)	3
(7) Interest receivable and similar income	(16)
(7) Total	(13)

NOTE 11 – SHORT-TERM DEBTORS

	31 March 2021 £'000	31 March 2022 £'000
Trade Receivables	3	0
Prepayments	0	6
Other Receivable Amounts *	506	21,247
Total	509	21,253

* £20.4m of the North Wales Growth Deal Grant was due from Welsh Government at 31 March 2022.

NOTE 12 – CASH AND CASH EQUIVALENTS

The Joint Committee does not have its own bank account and cash is administered by Cyngor Gwynedd within its own accounts. The figure shown in the table each year is the net cash sum held on behalf of the Joint Committee within the Cyngor Gwynedd amounts.

	31 March 2021 £'000	31 March 2022 £'000
Cash in Bank held by Host Authority	16,255	16,768
Cash and Cash Equivalents	16,255	16,768

NOTE 13 – SHORT-TERM CREDITORS

	31 March 2021 £'000	31 March 2022 £'000
Trade Payables	49	259
Other Payables	(24)	169
Total	25	428

NOTE 14 – UNUSABLE RESERVES

31 March 2021		31 March 2022
£'000		£'000
0	Capital Adjustment Account	0
0	Pensions Reserve	(942)
0	Accumulated Absences Account	(41)
0	Total Unusable Reserves	(983)

14.1 Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation; impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement. The Account is credited with the amounts set aside by the Joint Committee as finance for the costs of acquisition, construction and enhancement.

Note 8 provides details of the source of all the transactions posted to the Account.

2020/21		2021/22
£'000		£'000
0	Balance 1 April	0
	<u>Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:</u>	
0	Revenue Expenditure funded from Capital under Statute	(124)
	<u>Capital financing applied in the year:</u>	
0	Grants and contributions credited to Comprehensive Income and Expenditure Statement that have been applied to capital financing	124
0	Balance 31 March	0

NOTE 14 – UNUSABLE RESERVES (continued)

14.2 Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Joint Committee accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Joint Committee makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Joint Committee has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2020/21 £000	2021/22 £000
0 Balance 1 April	0
0 Transfer from Cyngor Gwynedd *	(891)
0 Re-measurements of the net pension defined benefit (liabilities) / assets	200
0 Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(413)
0 Employer's pensions contributions and direct payments to pensioners payable in the year	162
0 Balance 31 March	(942)

*In 2020/21, the Pension Reserve for the NWEAB was included as part of Cyngor Gwynedd's accounts, and it was transferred to the NWEAB's accounts for 2021/22.

14.3 Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise appear on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2020/21 £000	2021/22 £000
0 Balance 1 April	0
0 Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	(41)
0 Balance 31 March	(41)

NOTE 15a – CASH FLOW STATEMENT: ADJUSTMENTS TO NET SURPLUS OR DEFICIT ON THE PROVISION OF SERVICES FOR NON-CASH MOVEMENTS

2020/21 £'000		2021/22 £'000
(15,998)	(Increase)/Decrease in Creditors	(20,465)
493	Increase/(Decrease) in Debtors	20,744
0	Pension Liability	(251)
0	Other non-cash items charged to net surplus/deficit on the provision of services	(165)
(15,505)		(137)

NOTE 15b – CASH FLOW STATEMENT – OPERATING ACTIVITIES

2020/21 £'000		2021/22 £'000

2020/21 £'000		2021/22 £'000
0	Other payments for investing activities	124
0	Net cash flows from investing activities	124

NOTE 17 – EXPENDITURE AND INCOME ANALYSED BY NATURE

The Joint Committee's expenditure and income is analysed as follows:

2020/21		2021/22
£'000	<u>Expenditure / Income</u>	£'000
	Expenditure	
611	Employee benefits expenses	1,435
17	Premises	17
0	Transport	0
368	Supplies and Services	1,117
90	Third Party	135
0	Interest Payments	3
0	Depreciation, amortisation, impairment	124
1,086	Total Expenditure	2,831
	Income	
(640)	Partner Contributions	(1,318)
(7)	Interest and investment income	(16)
(680)	Grants and other contributions	(1,997)
(1,327)	Total Income	(3,331)
(241)	(Surplus) / Deficit on the Provision of Services	(500)

NOTE 18 – OFFICERS' REMUNERATION

18a. The Accounts and Audit (Wales) Regulations 2014 (as amended) require the Joint Committee to disclose the following information relating to employees appointed as Senior Officers, and whose salary is between £60,000 and £150,000. In compliance with the defined requirements, the pensionable pay, employer's pension contributions and other employer costs are included below (including termination benefits), but the employer's national insurance contributions are excluded. The remuneration paid to the Joint Committee's senior officers directly employed by Joint Committee is as follows:

2020/21			Chief Officers	2021/22		
Salary	Employer's Pension Contribution	Total		Salary	Employer's Pension Contribution	Total
£	£	£		£	£	£
103,179	21,049	124,228	Portfolio Director	107,899	22,011	129,910
58,624	11,959	70,583	Head of Operations	61,710	12,845	74,555

18b. In 2021/22 and 2020/21, no other employee received more than £60,000 remuneration for the year (excluding employer's pension and national insurance contributions).

NOTE 19 – EXTERNAL AUDIT COSTS

The Joint Committee has incurred the following costs relating to external audit.

2020/21 £'000	2021/22 £'000
2 Fees payable to the auditor appointed by the Auditor General for Wales with regard to external audit services	11
2 Net Fees	11

NOTE 20 – GRANT INCOME

20a. The Joint Committee credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement:

	2020/21		2021/22	
	£'000	£'000	£'000	£'000
Grants and Contributions Credited to Services				
Welsh Government				
European Social Fund Priority 5	561		808	
Decarbonisation Grant	67		500	
North Wales Regional Economic Framework Grant	0		195	
North Wales Growth Deal Grant	0		124	
Other	52		15	
		680		1,642
Other Grants and Contributions				
Partners' Contributions				
Conwy County Borough Council	90		168	
Denbighshire County Council	90		154	
Flintshire County Council	90		194	
Cyngor Gwynedd	90		172	
Isle of Anglesey County Council	90		137

Bangor University	25		118	
Wrexham Glyndwr University	25		59	
Coleg Cambria	25		60	
Grŵp Llandrillo Menai	25		75	
		640		1,318
Community Renewal Fund				
Denbighshire County Council	0		34	
Cyngor Gwynedd	0		34	
Isle of Anglesey County Council	0		34	
Wrexham County Borough Council	0		34	
		0		136
Cyngor Gwynedd (North Wales Growth Deal Grant)		0		219
Total Grants and Contributions Credited to Services		1,320		3,315

The North Wales growth Deal Grant is funded 50% by Welsh Government and 50% by UK Government.

NOTE 20 – GRANT INCOME (continued)

20b. The Joint Committee has received grants, contributions or donations that have yet to be recognised as income as they have conditions attached that could require the monies to be returned to the giver. The balance at the year-end are as follows:

	31 March 2021 £'000	31 March 2022 £'000
Grants and Contributions Received in Advance		
Capital Grants		
<u>Short Term</u>		
North Wales Growth Deal	16,000	29,000
<u>Long Term</u>		
North Wales Growth Deal	0	7,103
Total	<u>16,000</u>	<u>36,103</u>

NOTE 21 – RELATED PARTIES

The Joint Committee is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Joint Committee or to be controlled or influenced by the Joint Committee. Disclosure of these transactions allows readers to assess the extent to which the Joint Committee might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Joint Committee. To conform to the requirements, this is done by Members and Senior Officers completing a personal declaration, as defined in the CIPFA Code of Practice.

Function of the Joint Committee

The North Wales Economic Ambition Board's (NWEAB) Joint Committee was established on 1 February 2019 to develop a regional approach to economic growth and to address the challenges and barriers facing the North Wales economy. It covers the six local authority administrative areas of North Wales comprising the councils of Gwynedd, Anglesey, Conwy, Denbighshire, Wrexham and Flintshire. The Joint Committee also includes the University of Bangor, Glyndwr University, Coleg Cambria and Grŵp Llandrillo Menai. In December 2020, the Joint Committee agreed the North Wales Growth Deal with UK Government and Welsh Government securing an investment of £240million into the North Wales economy as part of the Deal. A Portfolio Management Office has been established to deliver the Growth Deal and the first project business case was approved in December 2021 and is now in delivery. Welsh Government has effective control over the general operations of the Joint Committee, and is responsible for providing the statutory framework and provides the majority of its funding in the form of grants. Grants received from Welsh Government are set out in the subjective analysis in Note 17 which analyses expenditure and income by nature. The position as at 31 March is detailed in Note 20.

Summarised below are the payments and income between the Joint Committee, the Local Authorities and Further and Higher Education Establishments for the 2021/22 financial year. Cyngor Gwynedd has been appointed as host authority for the NWEAB.

	Payments made	Income Received	Amounts owed to the NWEAB	Amounts owed by the NWEAB
	£'000	£'000	£'000	£'000
Conwy County Borough Council	32	(168)	(6)	0
Denbighshire County Council	38	(178)	(10)	0
Flintshire County Council	0	(194)	0	0
Cyngor Gwynedd	220	(442)	0	0
Isle of Anglesey County Council	0	(137)	(34)	0
Wrexham County Borough Council	0	(181)	(34)	0
Bangor University	0	(118)	0	124
Wrexham Glyndwr University	0	(59)	0	0
Coleg Cambria	0	(25)	(35)	0
Grŵp Llandrillo Menai	0	(75)	0	0

Board Members, Advisers and Officers

Members and advisers of the Joint Committee have influence over the Joint Committee's financial and operating policies.

All Board Members, Advisers and Senior Officers of the Joint Committee have completed declaration forms to declare their interest or relationship in companies, voluntary, charitable or public bodies that have dealings with the Joint Committee. There are no further declarations required than those included in the table above.

NOTE 22 – CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

31 March	31 March
2021	2022
£'000	£'000
0 Capital Adjustment Account (Note 14.1)	0
0 Capital Financing Requirement	0

The movement in the year is explained as follows:

2020/21	2021/22
£'000	£'000
0 Capital Financing Requirement 1 April	0
0 Funded from capital under statute	124
0 Government Grants and other contributions	(124)
0 Capital Financing Requirement 31 March	0

NOTE 23 – EXIT PACKAGES

There were no exit packages during 2021/22 or 2020/21.

NOTE 24 – PENSION COSTS

As part of the terms and conditions of employment of its officers and other employees, the Joint Committee makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Joint Committee has a commitment to make the payments. These need to be disclosed at the time that employees earn their future entitlement.

NWEAB participates in two post-employment schemes:

- a) **The Local Government Pension Scheme** administered locally by Cyngor Gwynedd. This is a funded defined benefit scheme based on final salary for service up to 31 March 2014 and based on a career average salary from 1 April 2014. The Joint Committee and the employees pay contributions into the fund, calculated at a level intended to balance the pensions liabilities with investment assets.
- b) **Arrangements for the award of discretionary post-retirement benefits upon early retirement.** This is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

The Gwynedd Pension Fund is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pensions Committee of Cyngor Gwynedd. Policy is determined in accordance with the Local Government Pensions Scheme Regulations. In the past the investment managers of the fund have been appointed by the Gwynedd Pension Fund Committee. As the investments are transferred to the Wales Pension Partnership (WPP) the managers will be appointed by the partnership.

NOTE 24 – PENSION COSTS (continued)

The principal risks to the Joint Committee from the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme (such as large-scale withdrawals from the scheme), changes to inflation, bond yields and the performance of equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge the amounts required by statute as described in the accounting policies note to the General Fund.

Transactions Relating to Post-employment Benefits

The Joint Committee recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge it is required to make against Council Tax (via the Councils' contributions) is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the Joint General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

Change in the Fair Value of Plan Assets, Defined Benefit Obligation and Net Liability	Period ended 31 March 2022		
	Assets	Liabilities	Net (liability) /asset
	£'000	£'000	£'000

Present Value of Funded Liabilities	0	(2,134)	(2,134)
Present Value of Unfunded Liabilities	0	0	0
Closing Position at 31 March	1,192	(2,134)	(942)

* The current service cost includes an allowance for administration expenses of 0.5% of payroll.

NOTE 24 – PENSION COSTS (continued)

The Major Categories of Plan Assets as a Percentage of Total Plan Assets

The actuary has provided a detailed breakdown of Fund assets in accordance with the requirements of IAS19. This analysis distinguishes between the nature and risk of those assets, and to further break them down between those with a quoted price in an active market, and those that are not quoted. The asset split for Cyngor Gwynedd is assumed to be in the same proportion to the Fund's asset allocation as at 31 December 2021. The split is shown in the table below. The actuary estimates the bid value of the Fund's assets as at 31 March 2022 to be £2.734bn based on information provided by the Administering Authority and allowing for index returns where necessary. Only a portion of the Fund is relevant to the NWEAB.

Fair Value of Employer Assets

The asset values below are at bid value as required under IAS 19.

Asset Category	At 31 March 2022			
	Quoted Prices in Active Markets	Prices not quoted in Active Markets	Total	
	£'000	£'000	£'000	%
Equity Securities				
Consumer	0	0	0	0
Manufacturing	0	0	0	0
Energy and Utilities	0	0	0	0
Financial Institutions	0	0	0	0
Health and Care	0	0	0	0
Information Technology	0	0	0	0
Other	0	0	0	0
Private Equity				
All	0	67	67	6
Debt Securities				
Other	0	0	0	0
Real Estate				
UK Property	0	102	102	9
Overseas Property	0	0	0	0
Investment Funds and Unit Trusts				
Equities	0	758	758	63
Infrastructure	0	23	23	2

All	4	0	4	0
Total	4	1,188	1,192	100

NOTE 24 – PENSION COSTS (continued)

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, life expectancy and salary levels. Life expectancy is based on fund-specific projections called VitaCurves with long-term improvement assumed to have already peaked and converging to 1.5% per annum.

Both the Gwynedd Pension Scheme and Discretionary Benefits liabilities have been estimated by Hymans Robertson, an independent firm of actuaries. Estimates for the Gwynedd Pension Fund were based on the latest full valuation of the scheme as at 31 March 2019. The significant assumptions used by the actuary in the following table have had a significant impact on the values of the assets and liabilities as follows:

	31 March 2022
Financial Assumptions	% p.a.
Pensions Increase Rate	3.15
Salary Increase Rate	3.45
Inflation Rate	3.15
Discount Rate	2.75
Long-term expected rate of return on all categories of assets	2.75
Take-up option to convert annual pension into retirement lump sum	
for pre-April 2008 service	50
for post-April 2008 service	75
Mortality assumptions	Years
Longevity at 65 for current pensioners	
Men	21.3
Women	23.7
Longevity at 65 for future pensioners	
Men	22.4
Women	25.7

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. In order to quantify the impact of a change in the financial assumptions used, the actuary has calculated and compared the value of the scheme liabilities as at 31 March 2022 on varying bases. The approach taken is consistent with that adopted to derive the IAS 19 figures provided in this note.

To quantify the uncertainty around life expectancy, the actuary has calculated the difference in cost to the Joint Committee of a one-year increase in life expectancy. For sensitivity purposes this is assumed to be an increase in the cost of benefits of broadly 3-5%. In practice the actual cost of a one-year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

NOTE 24 – PENSION COSTS (continued)

The figures in the table below have been derived based on the membership profile of the Joint Committee as at 31 March 2019, the date of the most recent actuarial valuation. The approach taken in preparing the sensitivity analysis shown is consistent with that adopted in the previous year.

Impact on the Defined Benefit Obligation in the Scheme		
Change in assumption	Approximate increase to Defined Benefit Obligation	Approximate monetary amount
	31 March 2022	31 March 2022
	%	£'000
0.1% decrease in real discount rate	3	55
1 year increase in member life expectancy	4	85
0.1% increase in the salary increase rate	1	27
0.1% increase in the pension increase rate	1	55

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, we estimate that a one-year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3-5%. In practice the actual cost of a one-year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

Impact on the Joint Committee's Cash Flows

One of the objectives of the scheme is that employer contributions should be kept at as constant a rate as possible. Cyngor Gwynedd has agreed a strategy with the fund's actuary to achieve a funding level of 100% over the next 17 years. Funding levels are monitored on an annual basis.

The contributions paid by the Joint Committee are set by the Fund Actuary at each triennial valuation (the most recent being as at 31 March 2019), or at any other time as instructed to do so by the Administering Authority. The contributions payable over the period to 31 March 2022 are set out in the Rates and Adjustments certificate. For further details on the approach adopted to set contribution rates for the Joint Committee, please refer to the 2019 actuarial report dated 31 March 2020.

Information about the Defined Benefit Obligation

	Liability Split	
	£'000	%
Active Members	2,116	99.2
Deferred Members	18	0.8
Pensioner Members	0	0.0
Total	2,134	100.0

The above figures are for funded obligations only and do not include unfunded pensioner liabilities. The durations are effective at the previous formal valuation as at 31 March 2019. The weighted average duration of the defined benefit obligation for scheme members is 30 years, 2021/22.

Impact in Future Years

The total contribution expected to be made to the Local Government Pensions Scheme by the Joint Committee in the year to 31 March 2023 is £159k.

As the Actuary's report is based on estimates and due to timing issues, an adjustment of £2,666 has been made in 2021/22, to bring the deficit in the Scheme based on the Actuarial figures in line with the liability related to the defined benefit pension schemes in the Balance Sheet. This variance has been treated as Actuarial Gains and Losses

NOTE 24 – PENSION COSTS (continued)

on Pension Assets and Liabilities and therefore has been included in the Liability related to the defined benefit Pension Schemes in the Balance Sheet.

NOTE 25 – EVENTS AFTER THE REPORTING PERIOD

The Statement of Accounts was authorised by the Head of Finance on 20 October 2022. Events taking place after this date are not reflected in the financial statements or related notes. Where events taking place before this date provided information about conditions existing at 31 March 2022, the figures in the financial statements and notes have been adjusted in all material respects to reflect its impact. The accounts have been updated since issue on 30 June 2022 to incorporate auditor recommendations.

2021-2022 Annual Governance Statement

Introduction

Ambition North Wales

The Ambition North Wales partnership was established in 2012 to develop a regional approach to economic growth and to address the challenges and barriers facing the North Wales economy. The partnership covers the six local authority administrative areas of North Wales comprising the councils of Gwynedd, Anglesey, Conwy, Denbighshire, Wrexham and Flintshire. The partnership also includes the University of Bangor, Glyndwr University, Coleg Cambria and Grŵp Llandrillo Menai. In December 2020, the partnership agreed the North Wales Growth Deal with UK Government and Welsh Government securing an investment of £240million into the North Wales economy as part of the Deal. A Portfolio Management Office has been established to deliver the Growth Deal and the first project business case was approved in December 2021 and is now in delivery.

Our Ambition

Our ambition is to build a more vibrant, sustainable and resilient economy for North Wales. We want to:

- Focus on improving the region's economic, social and environmental well-being.
- See the region develop in a sustainable way, with opportunities for people to gain new skills for the future and develop rewarding careers, seeing businesses grow and communities prosper.
- Champion our language, culture and heritage, in line with the well-being goals for Wales.

Purpose

The Economic Ambition Board was established by local authority partners as a joint committee in 2019 and is the decision-making body for the North Wales Growth Deal, as well as leading on regional economic collaboration.

Having secured the Growth Deal in December 2020, the partners entered into 'Governance Agreement 2'. This agreement, which is a legally binding document, defines the role and function of the Economic Ambition Board and its use of delegated powers. It also outlines the decision-making structures and democratic accountability.

The Growth Deal's governance arrangements enable decisions to be made in an open and transparent way for the benefit of the whole of the region. While the Economic Ambition Board acts as the decision-making body for the Growth Deal, there are strong links both formal and informal to the Welsh and UK Governments as funders of the Deal.

The Economic Ambition Board has adopted a delivery model based on a best practice approach to portfolio, programme and project management. This approach is an integrated way of meeting an organisation's ambition, driving better decisions and increasing the likelihood of successful outcomes.

North Wales Growth Deal

The Growth Deal aims to bring over £1 billion of investment to North Wales in order to generate over 4,000 new jobs and an increase in GVA of £2.4 billion. The UK and Welsh governments have committed to jointly investing £240 million capital over a 15-year period, with the remainder leveraged from private and public sources. The desired outcomes of this investment are to be delivered through the delivery of a portfolio of five separate programmes which:

- build on our regional strengths in manufacturing and low carbon energy
- target digital innovation and infrastructure to better connect the region
- invest in key sites and premises for the developer market
- enable innovation to boost productivity
- support our key industries in tourism and agriculture to develop for the future.

The five programmes are Low Carbon Energy, Agri-food and Tourism, Innovation in High-Value Manufacturing, Digital Connectivity, and Land and Property.

Governance Framework

Ambition North Wales has an established governance framework based on best practice. Governance Agreement 2 defines the functions, powers and accountability structures for the Board and the North Wales Growth Deal. The North Wales Growth Deal has an adopted portfolio, programme and project management structure and have developed a project management framework to underpin the delivery of the North Wales Growth Deal.

The Governance Framework comprises of the systems, processes, cultures and values by which the Board is directed and controlled and also the way it accounts to, engages with and leads the Region. It enables the Board to monitor the achievement of its strategic objectives and to consider whether those objectives are/have led to the delivery of appropriate, relevant, value for money projects.

The system of internal control is a significant part of that framework and is designed to manage risk to an appropriate level. It aims to identify and prioritise the risks to the achievement of Ambition North Wales' policies, aims and objectives. It evaluates the likelihood and impact of identified risks being realised and to manage individual risks appropriately.

Ambition North Wales has adopted and implemented a code of Corporate Governance based on the Framework 'Delivering Good Governance in Local Government' published by the Chartered Institute of Public Finance and Accountancy (CIPFA) and Society of Local Authority Chief Executives and Senior Managers (SOLACE).

The governance framework described above has been in place at Ambition North Wales for the year ending 31 March 2022 and remains applicable up to the date of the approval of the Statement of Accounts.

This section sets out how Ambition North Wales delivers against the seven fundamental principles of corporate governance as set out by CIPFA/SOLACE:

1. Integrity and Values

Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.

- The expectations of the Portfolio Management Office, Board Members and the Accountable Body are set out within Governance Agreement 2. The Agreement sets out the procedure for meetings, decision making structures, democratic accountability, delegations' policy, scrutiny arrangements and includes the Code of Conduct.

- A conflict of interest policy is in place covering the Growth Deal, specifically for the portfolio, programme and project boards. Declarations of interest is a standing item on the agenda of the Economic Ambition Board, Portfolio Board and all Programme and Project Boards.
- Internal and External audit arrangements are in place.
- All reports to the Economic Ambition Board include legal/finance statutory comments prior.
- The Monitoring Officer ensures compliance on all decisions undertaken by the Economic Ambition Board.
- Scrutiny arrangements are in place with all 6 local authorities.

2. Openness and engagement

Ensuring openness and comprehensive stakeholder engagement.

- The Economic Ambition Board meetings are public meetings with the publication of agendas, papers and minutes on the Accountable Body's website.
- The decision-making process is outlined within Governance Agreement 2. Reports are discussed by the Portfolio Board before submission to the Economic Ambition Board. Where appropriate consultation takes place with Programme and Project Boards, Governments and key stakeholders.
- The scrutiny arrangements allow participation from the members of all six local authorities.
- The Portfolio Management Office promotes Ambition North Wales and encourages engagement with the wider community of North Wales as outlined with the Communications Strategy.

3. Making a difference

Defining outcomes in terms of sustainable economic, social, and environmental benefits.

- Ambition North Wales have a clear vision in place to support the work of the Board; "To build a more vibrant, sustainable and resilient economy in North Wales."
- Ambition North Wales have a Climate Change Statement and Methodology.
- A benefits realisation framework has been developed to support the delivery of the Growth Deal.
- The Portfolio Management Office presents quarterly and annual progress reports to both Governments and the Economic Ambition Board.

4. Making sure we achieve what we set out to do

Determining the interventions necessary to optimise the achievement of the intended outcomes.

- The Economic Ambition Board have appointed a Portfolio Management Office to ensure the delivery of the Growth Deal.
- Senior Responsible Officers have been appointed to each Programme and Project.
- All Programmes are supported by detailed business cases.
- All Projects will be required to submit detailed business cases.

- All business cases are developed in line with the Better Business Case guidance.

5. Valuing our people; engaging, leading and supporting

Developing capacity and the capability of leadership and individuals.

- Ambition North Wales ensures that the Portfolio Management Office officers have the correct skills and knowledge to fulfil their roles effectively. To ensure this the Portfolio Management Office provides a comprehensive induction for all new officers as well as providing job related training.
- The governance structure includes a Business Delivery Board. The Business Delivery Board Chair is an advisor to the Economic Ambition Board.
- Governance Agreement 2 sets out clearly the roles and responsibilities of members, advisers and officers.
- Regular Portfolio Board and Economic Ambition Board meetings.

6. Managing risks, performance and finance

Managing risks and performance through robust internal control and strong public financial management.

- A Risk Management Plan is in place, with quarterly Performance and Risk Reports presented to the Portfolio Board and the Economic Ambition Board.
- The Portfolio, Programmes and Projects complete Risk Profile Assessments in advance of any assurance activity.
- The Portfolio Business Case is updated and approved on an annual basis.
- The Accountable Body's Section 151 Officer presents quarterly Financial Reports to the Portfolio Board and the Economic Ambition Board.
- The Annual Budget is set jointly by the Host Authority Finance Team and the Portfolio Management Office. The Annual Budget is agreed by the Portfolio Board and NWEAB. Robust financial management processes are in place.
- Ambition North Wales is subject to internal audits by the accountable body and external audits by Audit Wales.
- Annual Audit reports are submitted by the Accountable Body to the Economic Ambition Board.

7. Good transparency and accountability

Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

- The Portfolio Management Office has developed an Integrated Assurance and Approval Plan, Monitoring and Evaluation Plan and Portfolio Business Plan.

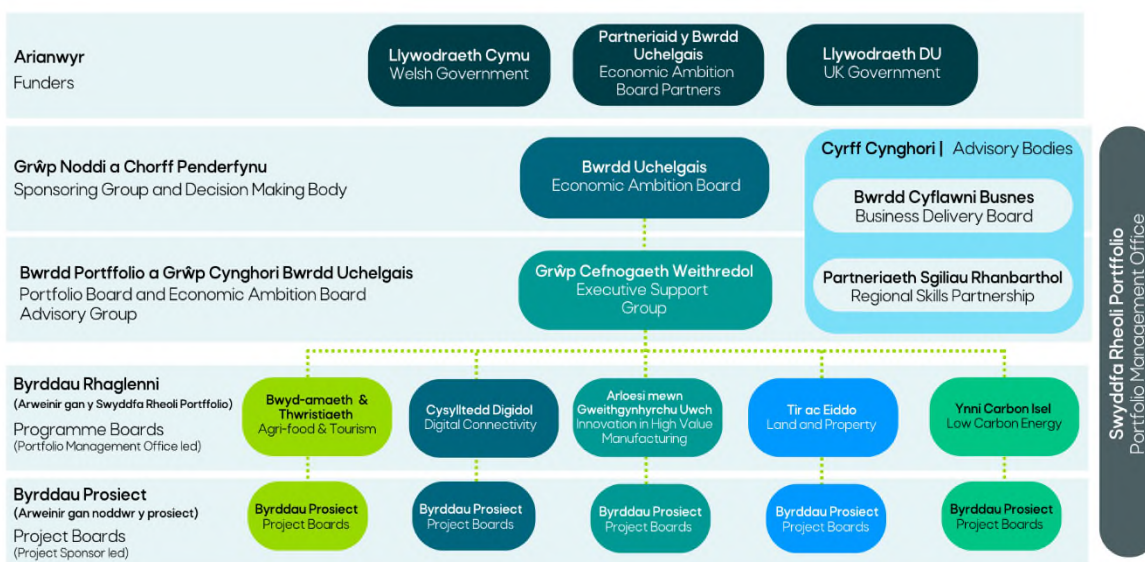

- The Economic Ambition Board meeting papers are published on the Host Authority website as well as Ambition North Wales’ website. This includes quarterly performance and risk reports.
- Ambition North Wales have an annual Portfolio and Programme Project Assessment Review (PAR) focussing on the delivery of the Growth Deal.
- Quarterly meetings with Welsh Government and UK Government.
- Projects have assurance reviews throughout the life of the projects.
- Implementation of Internal Audit and Audit Wales recommendations.
- The Economic Ambition Board have adopted the Code of Corporate Governance based on CIPFA framework.

Growth Deal Governance

The Economic Ambition Board has developed a Project Management Framework that sets out how an Ambition North Wales project is to be directed, managed, defined and communicated.

The Framework provides a best-practice approach that will help achieve co-ordination across the organisation’s projects by adopting a single method so they are executed in the same manner, thus providing consistency, continuity and clarity in the approach, communication and products created. This Framework is aligned with HM Government project guidance with methods tailored to meet Ambition North Wales’ requirements.

The diagram below provides a visual overview of the framework:

All Ambition North Wales projects’ business cases are developed in line with the 'Better Business Cases' guidance and the Five Case model developed by Welsh Government and HM Treasury as well as HM Treasury's Green Book guide. All business cases are subject to independent Gateway Reviews by Welsh

Government Integrated Assurance Hub, at all key decision points, in line with Cabinet Office Gateway Process. Sponsor procurement arrangements are scrutinised as part of this process.

Ambition North Wales has a Conflict of Interest policy, which sets out the guidelines and procedures for identifying, monitoring and controlling cases, whether they are real or potential. In line with the policy, the process mandates every individual to declare their interests in a pro forma register, and evidence of this was seen. A description, together with the details of any contact attached to the programs with which it relates, is recorded, and the pro forma is signed and kept on the portfolio office records. Elected members and advisers were subject to these arrangements in respect of conflict of interests through their code of conduct or the equivalent arrangements in Governance Agreement (GA) 1 and 2.

The funding agreement between Ambition North Wales and the main project sponsors encompasses conflicts of interest as well as the need to procure in a transparent, competitive and sustainable manner.

Assurance

The Portfolio Management Office worked with the Welsh Government Assurance Hub to develop an Integrated Assurance and Approval Plan (IAAP) that sets out the assurance activities that will be undertaken at portfolio, programme and project level for the North Wales Growth Deal.

As part of the IAAP, assurance activities will take place across all levels of the Growth Deal – portfolio, programme and project. The North Wales Growth Deal will utilise the pre-defined Gateway 0-5 and flexible Project Assessment Reviews (PAR) as appropriate and proportionate.

The North Wales Growth Deal IAAP covers the portfolio, programmes and projects.

The portfolio, five programmes and all projects within the North Wales Growth Deal will be required to complete Risk Profile Assessments (RPA) in advance of any assurance activity taking place.

It has been agreed with the Welsh Government Integrated Assurance Hub that there will be an annual Portfolio and Programme Project Assessment Review (PAR) focusing on the delivery of the Growth Deal.

At project level while the exact nature and timing of reviews will be agreed between the Portfolio Management Office, the Welsh Government Integrated Assurance Hub and the Project SRO, the following principles are to be applied:

- Project assurance reviews will take place throughout the life of the project at pre-agreed stages, including before key decision points. The level of assurance may vary per project, but would include a minimum of two external Gateway reviews per project, including a Gateway 2 review and a benefits realisation review. The rationale for the proposed approach is set out below:

- Project Gateway 1 (SOC) – Only required for new projects or those currently at concept stage due to the approved Programme Business Case. All other projects to produce combined SOC/OBC for Gateway 2.
 - Project Gateway 2 (OBC) – Required for all projects within the Growth Deal.
 - Project Gateway 3 (FBC) – Decision on whether Gateway 3 is required on a project by project basis. Agreed between Portfolio Management Office and Welsh Government Integrated Assurance Hub taking into account recommendations from Gateway 2.
 - Project Gateway 4 (Implementation) – Portfolio Management Office decision on whether Gateway 3 is required on a project by project basis.
 - Project Gateway 5 (Benefits Realisation) – Required for all projects within Growth Deal.
- Project Assessment Review (PAR) – may be used in place of Gateway 1-5 where the Portfolio Management Office in consultation with the Welsh Government Assurance Hub consider it a more appropriate review mechanism.
 - Consequential Assurance Reviews may be required following a Gateway Review where a project receives an Amber/Red or Red delivery confidence assessment, or when issues or concerns are raised in between the traditional Gates 1-5.

The table below provides a high-level summary of the most recent Gateway Reviews undertaken for the North Wales Growth Deal:

Summary of recent North Wales Growth Deal Gateway Reviews

	Type of Review	Date	Delivery Confidence Assessment
Portfolio and Programme Reviews			
North Wales Growth Deal	Portfolio and Programme PAR	August 2021	AMBER/GREEN
Project Reviews			
Glynllifon Rural Economy Hub	Gateway 2	April 2021	AMBER
Digital Signal Processing Centre	Gateway 2	May 2021	AMBER/GREEN
Enterprise Engineering and Optics Centre	Gateway 2	July 2021	AMBER/GREEN
Former North Wales Hospital, Denbigh	Gateway 2	October 2021	AMBER
Llysfasi Net Zero Farm	Gateway 2	November 2021	AMBER/GREEN
Last Few %	Gateway 2	February 2022	AMBER/RED
	Gateway 2 AAP	June 2022	AMBER

Audit

Internal and External Audit Arrangements

Gwynedd Council as Accountable Body shall be responsible for providing internal audit services to the Economic Ambition Board and audit reports in relation to the Board shall be considered in accordance with its usual rules and practices. Internal Audit will undertake their work in accordance as far as is practicable with the Public Sector Internal Audit Standards and the Local Government Application Note for the United Kingdom Public Sector Internal Audit Standards. For the avoidance of doubt an annual internal audit report shall be submitted by the Accountable Body Audit Manager to the Economic Ambition Board.

External Audit services are provided through Audit Wales who will review and comment the financial aspects of Corporate Governance which include the legality of financial transactions, financial standing, systems of Internal Financial Control and standards of financial conduct and fraud and corruption.

2021 Internal Audit Report

The purpose of the audit was to ensure that the Board's governance arrangements were appropriate. To achieve this, the audit encompassed reviewing the Board's due diligence arrangements for scrutinising business cases and any potential beneficiaries, ensuring there is no conflict of interest, in response to UK Government Minister for Wales' concerns about weaknesses already identified in an unrelated project.

Audit Level of Assurance

The controls for risk mitigation were examined. The auditor's assessment concludes that the level of assurance of the audit is as follows:

Assurance Level	Description
HIGH	Certainty of propriety can be stated as internal controls can be relied upon to achieve objectives.

Risk Management

The Economic Ambition Board has adopted a Risk and Issues Framework for the delivery of the North Wales Growth Deal. The Framework sets out how risks and issues will be managed at the appropriate level across the portfolio with clear escalation processes in place.

The Portfolio's approach to risk management is outlined in the Growth Deal Risk and Issues Management Strategy and User Guide. This document defines and articulates the risk management principles, concepts, structures, processes, tools and associated roles and responsibilities implemented to ensure that risks to Programme objectives are effectively managed.

The key principles and concepts outlined in this strategy are drawn from OGC Management of Risk literature. These principles and concepts have been appropriately tailored to the requirements of the North Wales Growth Deal.

The Risk and Issues Management Strategy is owned by the Portfolio Management Office and stored in their document management system. Each project will be required to set out their risk management strategy as part of the project business cases.

The Strategy sets out the three levels of risk associated with the delivery of the Growth Deal with a clear escalation process in place between the three levels.

Portfolio Level Risks – A portfolio risk is an uncertain event or condition that, if it occurs has an effect on one or more of the strategic goals of the Growth Deal portfolio.

Programme Level Risk – A programme risk is an uncertain event or condition that, if it occurs, has an effect on at least one programme benefit.

Project Level Risks – A project risk is an uncertain event or condition that, if it occurs, has an effect on at least one project objective.

Figure 1.1 Risk Escalation Process

Source: Ambition North Wales

Summary and Conclusion

The governance and assurance arrangements in place are robust, transparent and based on best practice. As the Growth Deal matures and enters the delivery phase it is important that the arrangements and processes are continuously reviewed and adapted to maintain best fit with the relevant phase of the deal. It will become increasingly important to ensure flexibility and agility within the agreed processes to meet the challenges of securing private sector investment and the delivery of the deal in a challenging economic climate.

Proposed Audit Report

The independent auditor's report of the Auditor General for Wales to the members of the North Wales Economic Ambition Board Joint Committee

Opinion on financial statements

I have audited the financial statements of the North Wales Economic Ambition Board Joint Committee for the year ended 31 March 2022 under the Public Audit (Wales) Act 2004.

North Wales Economic Ambition Board Joint Committee's financial statements comprise the Expenditure and Funding Analysis, the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and the related notes, including a summary of significant accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2021-22.

In my opinion the financial statements:

- give a true and fair view of the financial position of the North Wales Economic Ambition Board Joint Committee as at 31 March 2022 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with legislative requirements and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2021-22.

Basis of opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)) and Practice Note 10 'Audit of Financial Statements of Public Sector Entities in the United Kingdom'. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Joint Committee in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Conclusions relating to going concern

In auditing the financial statements, I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the North Wales Economic Ambition Board Joint Committee's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the responsible financial officer with respect to going concern are described in the relevant sections of this report.

Other Information

The other information comprises the information included in the annual report other than the financial statements and my auditor's report thereon. The Responsible Financial Officer is responsible for the other information contained within the annual report. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon.

My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to

determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Report on other requirements

Opinion on other matters

In my opinion, based on the work undertaken in the course of my audit:

- the information contained in the Narrative Report for the financial year for which the financial statements are prepared is consistent with the financial statements and the Narrative Report has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2021-22; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and the Annual Governance Statement has been prepared in accordance with guidance.

Matters on which I report by exception

In the light of the knowledge and understanding of the North Wales Economic Ambition Board Joint Committee and its environment obtained in the course of the audit, I have not identified material misstatements in the Narrative Report or the Annual Governance Statement.

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept, or returns adequate for my audit have not been received from branches not visited by my team;
- the financial statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit.

Responsibilities

Responsibilities of the responsible financial officer for the financial statements

As explained more fully in the Statement of Responsibilities for the Statement of Accounts, the responsible financial officer is responsible for the preparation of the statement of accounts, which give a true and fair view, and for such internal control as the responsible financial officer determines is necessary to enable the preparation of statements of accounts that are free from material misstatement, whether due to fraud or error.

In preparing the statement of accounts, the responsible financial officer is responsible for assessing the Joint Committee's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

My procedures included the following:

- Enquiring of management and those charged with governance, including obtaining and reviewing supporting documentation relating to North Wales Economic Ambition Board Joint Committee’s policies and procedures concerned with:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.
- Considering as an audit team how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, I identified potential for fraud in management override.
- Obtaining an understanding of the North Wales Economic Ambition Board Joint Committee’s framework of authority as well as other legal and regulatory frameworks that North Wales Economic Ambition Board Joint Committee operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of the North Wales Economic Ambition Board Joint Committee.

In addition to the above, my procedures to respond to identified risks included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations discussed above;
- enquiring of management, the North Wales Economic Ambition Board Joint Committee and legal advisors about actual and potential litigation and claims;
- reading minutes of meetings of those charged with governance;
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

I also communicated relevant identified laws and regulations and potential fraud risks to all audit team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of the North Wales Economic Ambition Board Joint Committee’s controls, and the nature, timing and extent of the audit procedures performed.

A further description of the auditor’s responsibilities for the audit of the financial statements located on the Financial Reporting Council’s website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor’s report.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of the North Wales Economic Ambition Board Joint Committee in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales’ Code of Audit Practice.

Adrian Crompton
Auditor General for Wales
November 2022

Glossary

Actuarial Gains and Losses – For a defined benefit pension scheme, the changes in actuarial surpluses that arise because events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.

Asset – Items of worth that are measurable in terms of value.

- A current asset will be consumed or will cease to have material value within the next financial year.
- A non-current asset provides benefit to the Joint Committee and to the services it provides for a period of more than one year.

Balances (or Reserves) – These represent accumulated funds available to the Joint Committee. Some balances (reserve) may be earmarked for specific purposes for funding future defined initiatives or meeting identified risks or liabilities.

Capital Adjustment Account – A reserve set aside from revenue resources or capital receipts to fund capital expenditure or the repayment of external loans and certain other capital financing transactions.

Capital Expenditure – Expenditure on the procurement of a non-current asset, which will be used in providing services beyond the current accounting period or expenditure that adds to, and not merely maintains, value of an existing non-current asset.

Capital Financing – Funds obtained to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, capital contributions, revenue reserves and earmarked reserves.

CIPFA (Chartered Institute of Public Finance and Accounting) – The professional institute for accountants working in the public sector.

Creditors – Amounts owed by the Joint Committee for work done, goods received or services rendered, for which payments have not been made by the end of that accounting period.

Current Service Cost – The increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period.

Debtors – Amount owed to the Joint Committee for work done, goods received or service rendered within the accounting period, but for which payment has not been received by the end of that accounting period.

Defined Benefit Scheme – A pension or other retirement benefit scheme other than a defined contribution scheme.

Defined Contribution Scheme – A pension or other retirement benefit scheme into which an employee pays regular fixed contributions as an amount or as a percentage of pay, and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employees benefits relating to the employee Service in the current and prior periods.

Depreciation – A measure of the cost of the economic benefits of the tangible fixed assets consumed during the period.

Fair Value – The price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

General Fund – This is the main revenue fund of the Joint Committee and it includes the net cost of all services financed by partners' contributions and Government grants.

International Financial Reporting Standards (IFRS) – A suite of accounting standards used across the world. They must be applied by all reporting entities to all financial statements in order to provide a true and fair view of the entity's financial position, and a standardised method of comparison with financial statements of the other entities.

Liability – Amounts due to individuals or organisations which will have to be paid at some time in the future.

Related Parties – Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions.
