

CYNHADLEDD RHEILFFORDD ARFORDIR Y CAMBRIAN 18-11-2022
CAMBRIAN COAST RAILWAY CONFERENCE 18-11-2022

Cwestiwn i TRAFNIDIAETH CYMRU / Question for TRANSPORT FOR WALES

Why weren't the Rail Replacement Coach service timetables posted on the stations during the Barmouth Viaduct closure and will this be rectified when the viaduct is closed again in 1 weeks time?

Cwestiwn i NETWORK RAIL/ Question for NETWORK RAIL

- 1. Can Network Rail inform the meeting when the new type of miniature warning lights will be installed on Wayne's footpath crossing north of Barmouth. Crossing light have been installed on 2 crossing 1 mile further north, but Wayne's crossing carry more pedestrians that both the other crossings put together 365 days a year being the only footpath crossing from the main housing estate (Heol y Llan area) to the Town center and Doctors surgery, older residents living in sheltered accommodation on the east side of the crossing need to use the crossing to and from the promenade and beach.**
- 2. Residents are concerned at the state of the rail embankment north of the Barmouth railway tunnel were trees and bushes seem to be growing in a wild state on both sides of the track. Do Network Rail carry out regular maintenance in this area?.**

Cwestiwn i'r PWYLLGOR / Question for COMMITTEE

Cwestiwn i UNED CLUDIANT CYNGOR GWYNEDD / Question for TRANSPORT UNIT CYNGOR GWYNEDD

Has Cyngor Gwynedd received any assurance of improvements yet about the number of seats and the provision of only one toilet on the 2 new coach trains being introduced shortly? The new trains have 14 less seats and with only one toilet provided doesn't give much confidence to passengers on a four and three quarter hour journey Pwllheli to Birmingham International

Oddiwrth / From: Cyng Trevor Roberts (Barmouth)
