5) AIMS AND OBJECTIVES OF THE POLICY / PLAN / PRACTICE

Note why the policy / plan / practice is necessary. Note what the Authority hopes to achieve.

The purpose of the 2016-20 Strategic Equality Plan is to reduce inequality between people with equality characteristics and the rest of society. The intention is to do so by setting objectives that will ensure that the voice of people with those characteristics is given fair consideration. It is also important to ensure that equality is mainstreamed throughout the work of the Council.

6) PARTICIPATION AND CONSULTATION

Have you consulted regarding the change in policy / plan / practice? What was the result? Remember it is a statutory requirement to consult with the people who will be affected.

We have received input through a number of sources. A regional engagement day was held with various stakeholders to discuss our regional objectives.

The Council has collected information regarding people's priorities through Gwynedd Challenge, an opinion gathering exercise, which included a meeting with groups of older people, young people and disabled people. This information has been used in forming the following objectives but also will be used in shaping of our future work.

Information from previous engagements has also been used.

We now intend to have a consultation period, with widespread advertising and contact with specific groups.

7) EVIDENCE AVAILABLE

The evidence can be based on local, regional or national evidence, e.g. the service's data or regional equality statistics or a national report.

Our evidence has come from a variety of sources including

- Engagement - see above
- The Council's internal information
- Data on equality characteristics

There is more information on this data in the plan.

8) GAPS IN EVIDENCE

Note any gaps in evidence and explain how you intend to fill them.

We have identified gaps in evidence in the Plan and identified methods to correct this e.g. collecting information on the equality characteristics of the workforce.

The relevance of the policy / plan / practice to the general equality duty and to each one of the equality groups (protected characteristics) must be shown. The real or likely effect must be clearly notes. It is possible that not every characteristic will be relevant or be affected.
